## VERSE 1

who was Ur man?  
and was it me?  
who stuck around when U were broken,  
and then swore they'd never leave?

who was Ur man?  
could it be me?  
i can't remember all our laughs (Her laugh)  
or our hopeless sympathy (Her sympathy)

U said i couldn't help,  
but i wanted U and me.  
the night U broke my heart,  
was the night U set me free.

i thought a Man's job was to fix it,  
but U had no love left for giving.  
so when i lost faith i would fake it,  
Ur darkness took all of Ur passion.

who was Ur man?  
i can't believe,  
that i just couldn't help U heal and  
now there's no Man left in me.

who was Ur man?  
who was ur man?  
who was Your boy?  
who was your friend?

## [FAMILIAR]

I am so proud of You..  
I seriously look up to You now  
cuz You're taller than me, but  
You are incredible and You're guitar..  
making albums..  
more than that too I think  
You found Yourself.  
relationships and memories that You are  
always gonna cherish Forever, and I  
and I love You so much.

# who was ur man?

## VERSE 2

i thought i needed, more than,  
what was given, people i met,  
left me, feeling alone.

i think i'll stay back for tonight,  
You guys go on without me,  
need some time away from friends,  
so that i can know the real me.

i've been chasing after something  
that i can't really define,  
what does it mean to be a Man?  
or find a card of the same kind?

and i know when i'm not fine,  
but i push through anyway,  
i've just got to make it work  
so that i never fade away.

who was Your boy?  
and was it me?  
i can't determine who i am,  
so everyone determines me.

## CHORUS

who was Ur man?  
and was he strong?  
who was Your boy?  
did he have fun?

who was Your dawg?  
did y'all go out?  
who was your friend?  
and did he care..

who was Your son?  
and did he smile?  
do you remember,  
who he was?

who was your man?  
who was your boy?  
where is Your head?  
You're not dead yet.

### VERSE 3

who am i now?  
where did i go wrong,  
what's lost must now be found,

if i'm always with **U**,  
then how can i be me?

feel like i'm being pulled,  
towards different destinies.

and if i fell apart,  
how would **They** repair me?

if i always think of **Them**,  
then how can i be me?  
how can i be me,  
if i always think of **Them**..

how can i believe?  
how can i be seen?

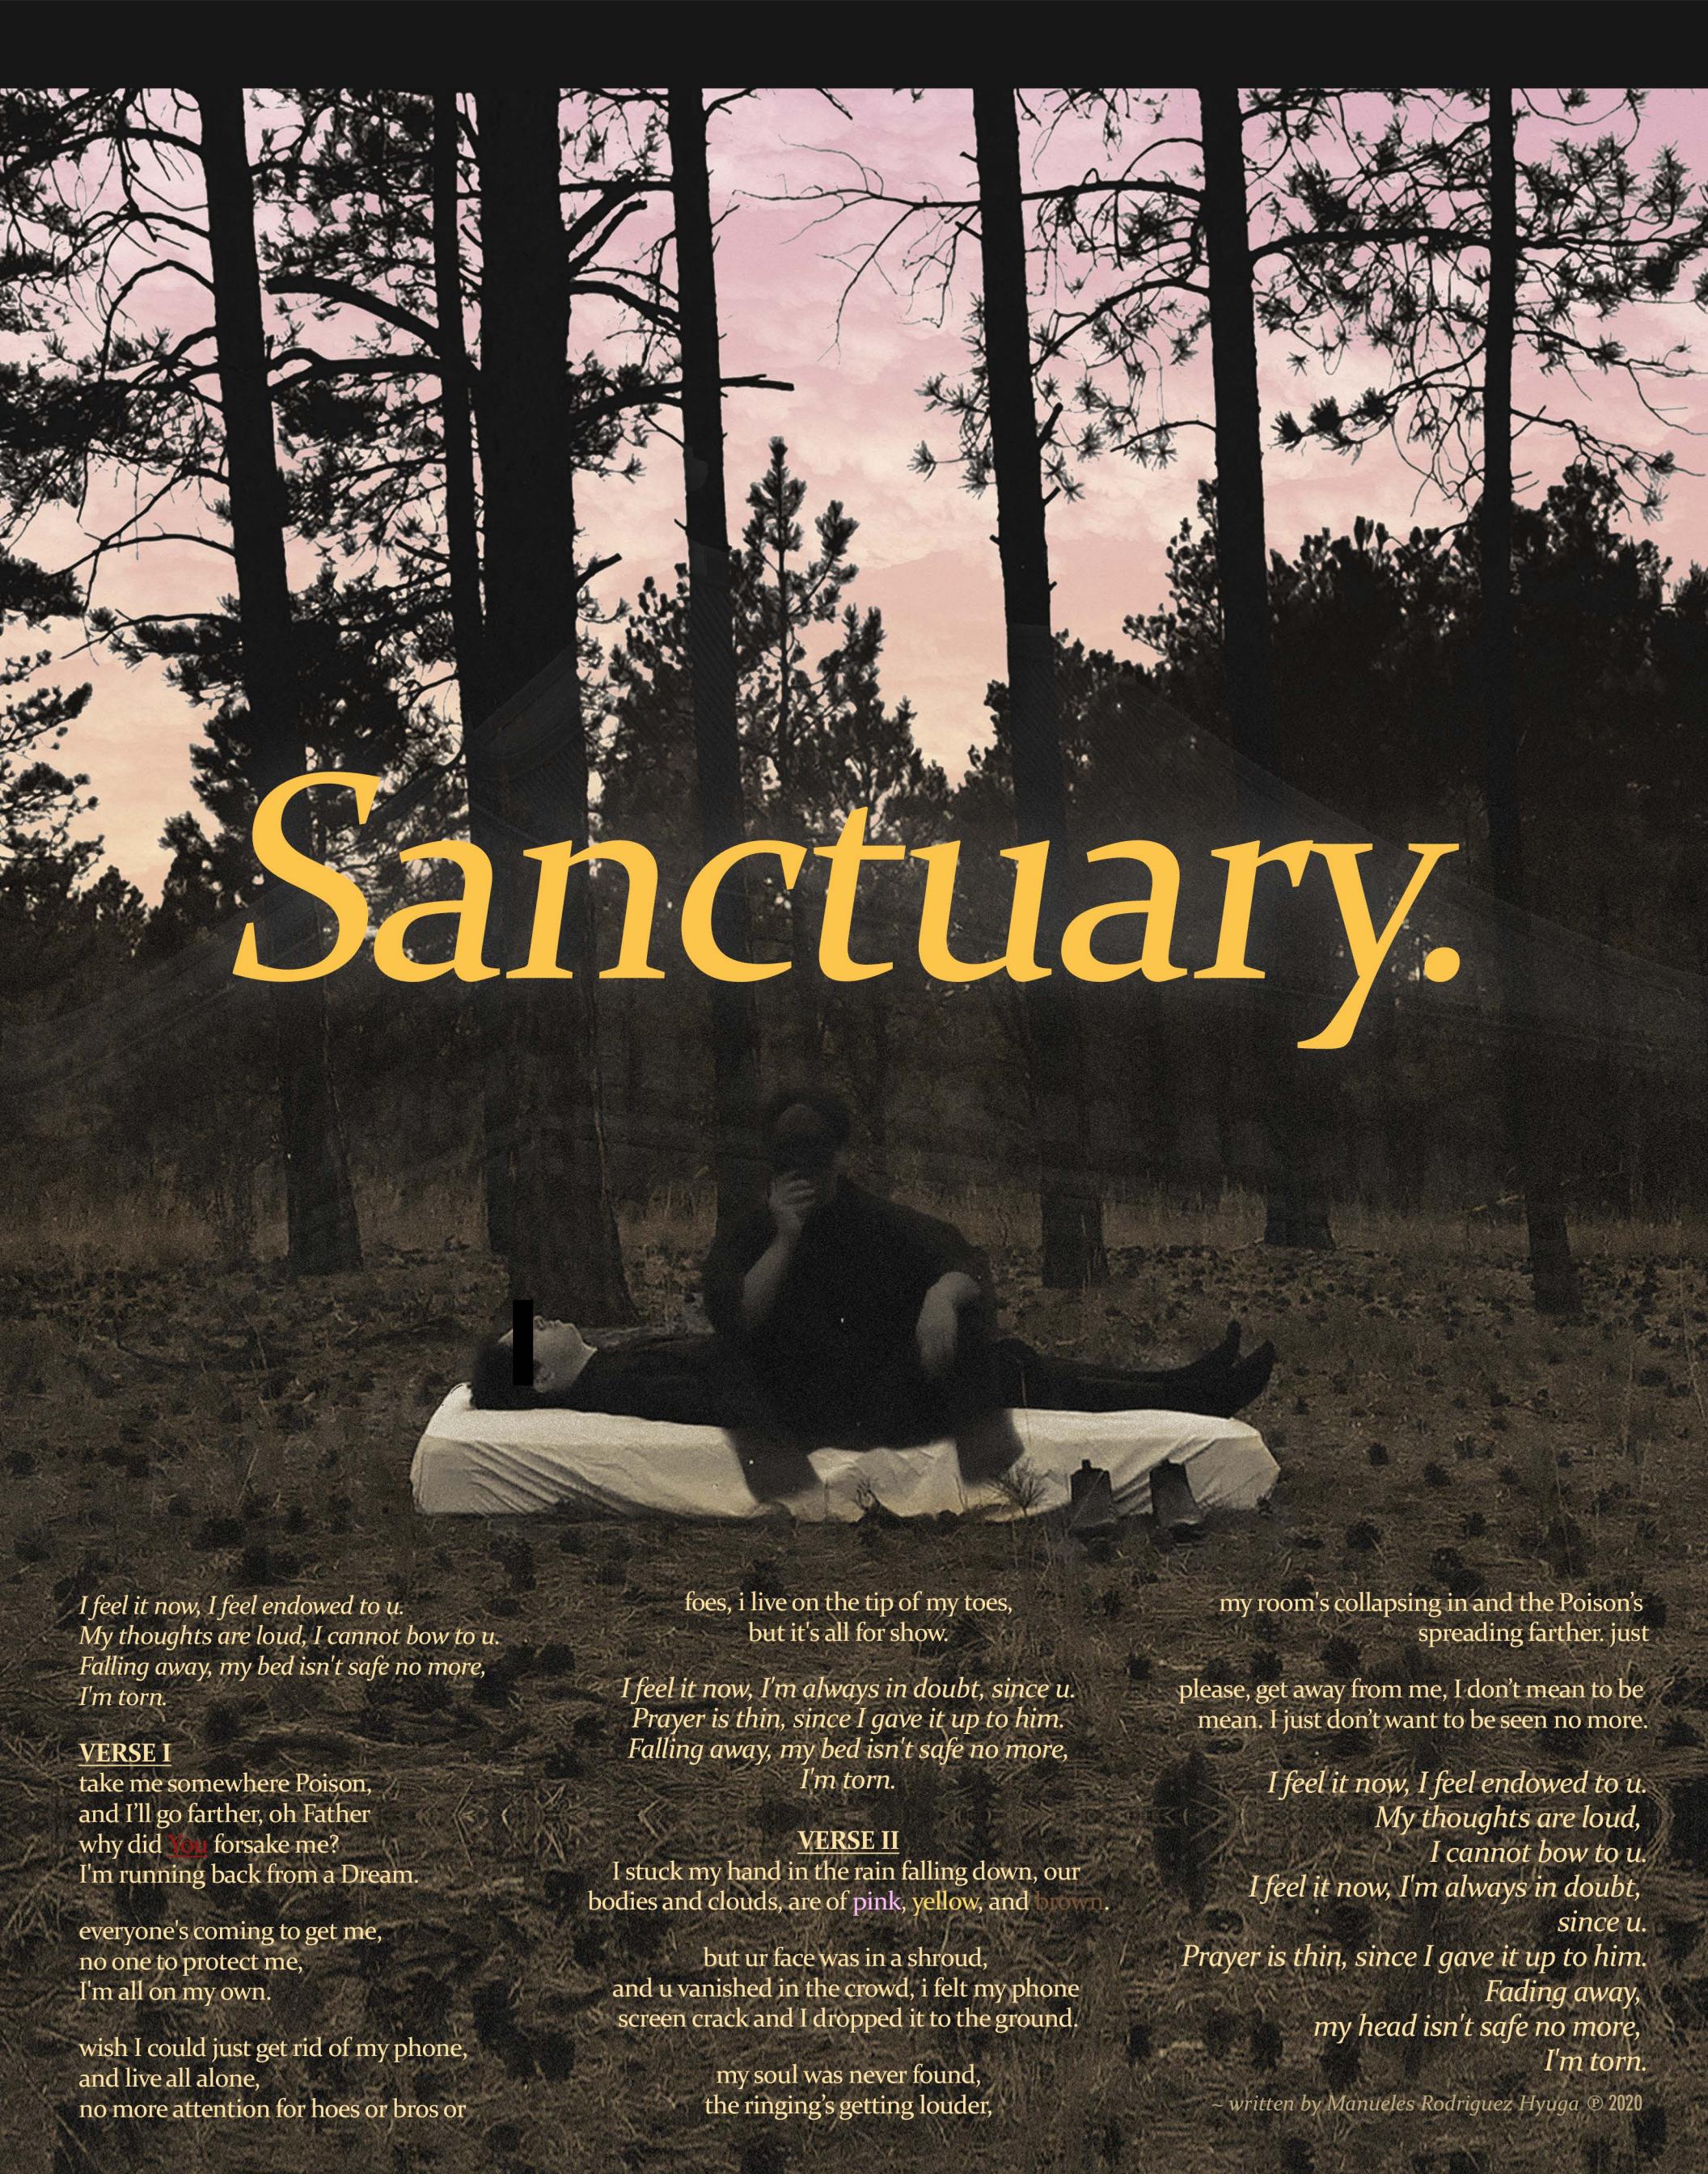

# why sem ur man?

### OUTRO

if i die, if i died and fade away,  
would i be content,  
with the way i wore my face?

i never got to Shine,  
but maybe that's okay.

i'll stay here in this place,  
a cold and dark escape.

# Sanctuary.

*I feel it now, I feel endowed to u.  
My thoughts are loud, I cannot bow to u.  
Falling away, my bed isn't safe no more,  
I'm torn.*

**VERSE I**  
take me somewhere Poison,  
and I'll go farther, oh Father  
why did **You** forsake me?  
I'm running back from a Dream.

everyone's coming to get me,  
no one to protect me,  
I'm all on my own.

wish I could just get rid of my phone,  
and live all alone,  
no more attention for hoes or bros or

foes, i live on the tip of my toes,  
but it's all for show.

*I feel it now, I'm always in doubt, since u.  
Prayer is thin, since I gave it up to him.  
Falling away, my bed isn't safe no more,  
I'm torn.*

**VERSE II**  
I stuck my hand in the rain falling down, our  
bodies and clouds, are of pink, yellow, and brown.

but ur face was in a shroud,  
and u vanished in the crowd, i felt my phone  
screen crack and I dropped it to the ground.

my soul was never found,  
the ringing's getting louder,

my room's collapsing in and the Poison's  
spreading farther, just

please, get away from me, I don't mean to be  
mean. I just don't want to be seen no more.

*I feel it now, I feel endowed to u.  
My thoughts are loud,  
I cannot bow to u.*

*I feel it now, I'm always in doubt,  
since u.  
Prayer is thin, since I gave it up to him.  
Fading away,  
my head isn't safe no more,  
I'm torn.*

my bed is the only safe space I have,  
my only place off of the ground,  
so why would I  
invite you to desecrate it with faithless love, and blood,  
and memories of moments where bliss  
took me from this earth and  
laid my soul to rest among  
the countless  
fantasies I had  
imagined  
there.

i'm not always strong, i'm not automatic.

and what can i say. it's not that i wanted U (You) to leave.  
but i've done some things, that i don't want U (You) to ever see.  
i got it wrong, i thought if i was honest that I'd make it right.  
maybe if no one knew me, no one would get hurt.  
i could become a ghost, no reply on my turn.

# ghost-type

i always wanted what you had,  
and thought i was blameless.

i got what i needed, but i took what i didn't.  
You don't know what i'm thinking (been thru),  
but i bet i look different.

I just wish i could tell You,  
but i don't  
want to  
risk  
it

# ghost-type (alt)

i got eyes  
but have tears  
that i've never cried,  
'fraid if i let it out,  
i'd get sectum-semprafied.  
'fraid if the Pope knew me,  
Church would try to crucify.  
Christ the Lord,  
i'd been raised to know  
i'm born to die.

and i try to lie,  
this smile's not just for pretend.  
i just wish someone would hold me  
thru the night again,  
disappear,  
they can't see what happens in Your lens,  
i'm the ghost,  
i'll be in Your soul right to the end.

outside is so grey..  
why can't we just stay in here?

## VERSE

been a long time since I felt this way,  
 U do something when U touch my face.

I'd run away with U,  
 and it's only been a few.  
 walking barefoot when it's snow on the ground,  
 my mind burns when it's cold all around,  
 warm when U settle in,  
 maybe I'm too sensitive.

## CHORUS

and All this time, been holding out for a while.  
 (I got your number, but never hit the dial)

and You once told me,  
 if it's Dark,  
 don't go outside.

I left in search of,  
 something I  
 couldn't  
 find.

## BRIDGE

but that look that's in Ur (Ur) eyes,

something U (You) tried to hide,  
 if I leave the warmth I'll die,  
 it's got me terrified,

so please don't leave my side.

## VERSE II

left my guitar on the back of the train,  
 let's get lost in the city 'til we running out of pay.  
 we slept on the streets that night,  
 He lit up a smoke for light.

holding back tears when I had to go,  
 miss You more than You'd ever know.

wish I could freeze in time,  
 where all my pieces aligned.

## CHORUS II

and All this time, been holding out for a while.  
 (this fear of hurting, I've carried on for miles)

and You once told me,  
 if it's Dark,  
 don't go outside.

I left in search of,  
 something I want to find.

## BRIDGE II

but what if I go too far?  
 and get lost in my car,  
 it's starting to get Dark.

I don't know where to start,  
 or how to make my mark.

## CHORUS

i would have fell, if U would have stayed .  
i couldn't go, when U was around.  
how could U leave? If i would've loved..  
i would've fell, if U would have stayed.

## VERSE

this is my life,  
waiting round on U everyday.  
it's been weeks now,  
since we fucked and made love at Ur place.  
are we good still?  
or U tryna end it all at once?  
no reply now,  
i feel like my heart is being crushed.

this the right time,  
overthinking every little thing.  
oh U busy?  
or it's just U don't wanna see me.  
and i wish now,  
i could see what's on Ur mind  
cuz i'm cold now,  
needa get U out my mind.

## VERSE II

i got me now,  
all alone in my bed.  
on my phone now,  
blue light messin with my head.  
i got 3 strikes,  
'til Ur face come back to me.  
U're a ghost-type,  
karma coming right back onto me.

on the meanwhile,  
U might be all fucking someone else.  
feels like last night,  
when U said i'm different than the rest,  
and U told me,  
maybe this week or the next.  
would U tell me,  
when it's over?

## HOOK

could U tell me, when it's over?  
U wont hold me, if it's over.  
U won't know me, when it's over.  
would U tell me, if it's over?

no i won't mind, if it's over  
just wanna know now, if it's over.  
is it my fault, that it's over?  
can U tell me, why it's over?

## VERSE III

would U tell me,  
why i wasn't worth another day?  
said U loved me,  
but i guess that it was just a phase.  
i would ask U,  
but i don't think U'd reply,  
gotta move on,  
even if it's eating up my mind.

wanna go back,  
to U sitting on my face in bed,  
now it's cold,  
all alone,  
with the thoughts,  
in my head -  
but it's done now.

so i guess i'm rolling up for the night now,  
with the boys now.

## HOOK

U could've told me, if it's over.  
U won't love me, when it's over.  
U wont know me, when it's over.  
would U tell me, if it's over?

I don't know now, if it's over.  
no i won't mind, if it's over.  
can U tell me, why it's over?  
is it my fault, that it's over?

# sweet hunny

i once had Honey in my life, but i forget how it tastes. the shape of love, as sharp as knives,  
pierces through my brain.

i once had Honey in my life, but i forget how it tastes. the way it dripped upon Ur kiss,  
made me less afraid.

i thought i could survive alone; but now, i'm not so sure.

the thought of damage, i could do  
if i fell in love with Him.

i once had Honey in my life, but i forget how it tastes. i reach my arm into the sky,  
but always hesitate.

don't give up You're way too close.  
don't give up You're way too close.  
don't give up You're way too close.

to throw it all away.

# Shine.

If I could run away,  
in castles made of space,  
and swim in endless pools inside my brain,  
my youth would never change..

But change comes in with time.

My childhood must die.

Not sure if I can fight.

Not sure if I can Shine.

if i come alive, would it hurt Them?

if i try to be myself, will i fit in?

if They heard this in my voice,

would They know it?

if They leave me on my own, would i cave in?

would i

Don't let me fade away,

cave

in pools of red and grey,

in?

to drown in endless thoughts inside my brain.

These pills could make a change..

But my mind isn't right.

My eyes won't let me cry.

Has this life been a lie?

I'm falling out of sight..

But I don't want to die,

I just want to Shine!

Tío, puedes hablame del amor?  
como en mi vida, tus amor  
como. en tu vida ?  
como puedo amar?

Someday, I'll need to Shine,  
pretend that I can fly.  
This life is beautiful when I can try.  
I won't let it pass me by,  
take any chance that I can find,  
until I make

it  
I make  
it right....

i've been, through the, motions.  
going take me, nowhere.  
tired, what's in here of sleeping, First of all,  
what your heart tell you. Right?  
i've been, about, nothing.  
thinking To me, this is the old tradition.  
let my mind wander  
upwards, upwards  
hold me This is what you have to use.

i GET YOUR SHIT TOGETHER !

Change comes in with time.  
The Dark is there to find.  
I won't give up on Life.  
I won't let my Soul die.  
I'll teach myself to fly.  
Turn darkness into light.  
Cuz I don't need to cry.

I just  
need to  
Shine.

if I fly into the sun,  
will my bonds come undone?  
and everyone I know will fade to dust?  
in my friends, should I trust?

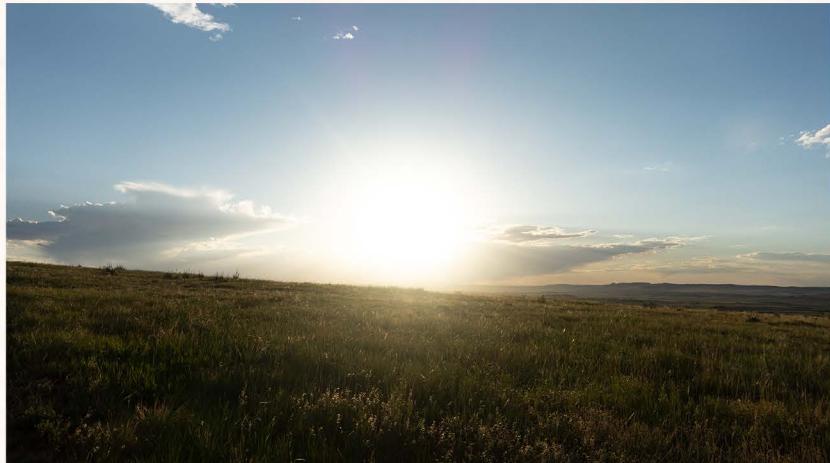

Change comes with in with time.

Take the path that let's You climb.  
If they love You then You'll find,  
They just want You to  
Shine.

akatsuki (dawn)

"a border of two zones with different characteristics.  
Especially, the latter zone, daytime, is usually a delightful  
time a lot of people are expecting to come. This aspect gives  
another meaning, like 'when (after) something delightful  
might be realized'" ~たかさん

## CHORUS

here's to some day, maybe soon,

here's to someday, maybe soon,  
when we'll chill together on some afternoon.

and here's to some day, maybe soon,  
when my songs will escape out from this room,  
but for now..

## VERSE

I've waited so long for this,  
to hear that (You) (U) (you) (u) want me around.

seems like it's been so damn long,  
since I've even felt like myself.

if I knew it was safe, just to fall back,  
I might've sent calls back,  
got parts of my Soul back.

I'm sure I'll get lost or get lonely again, but  
at least I have friends in this world,  
for now..

kinda easy to see now why sages sit on top of the mountain.  
seeing all over the bullshit, seeing over everything that You've walked  
everyday, for a long time now.  
at some point it feels good I guess.  
just to let go,  
move on.

everything feels so different now.  
friendships and relationships I wanted so badly to last forever.  
moments that You wish could last lifetimes.

I don't know what's in store for me,  
what my life's gonna look like.  
I just hope I'll be happy.

## CHORUS

here's to some day, maybe soon,  
when I'll hold my arms right over (You) (U) (you) (u).

here's to some day, maybe soon,  
when we'll chill together on some afternoon.

I know that some day, I'll get there soon.  
and I got a feeling that You'll get there too.

here's to some day, maybe soon,  
when my songs will escape out from this room,  
but for now..

Remember to let go.  
(You take it for granted)

I won't remind (You) (U) (you) (u) (You)

I'll take it far as I need.

I won't forget to come back home.
